Aquatic Bluetooth speaker to immerse yourself in the best sound.

BLUETOOTH PLAYER

ENERGY MUSIC BOX AQUATIC

ENERGY SYSTEM

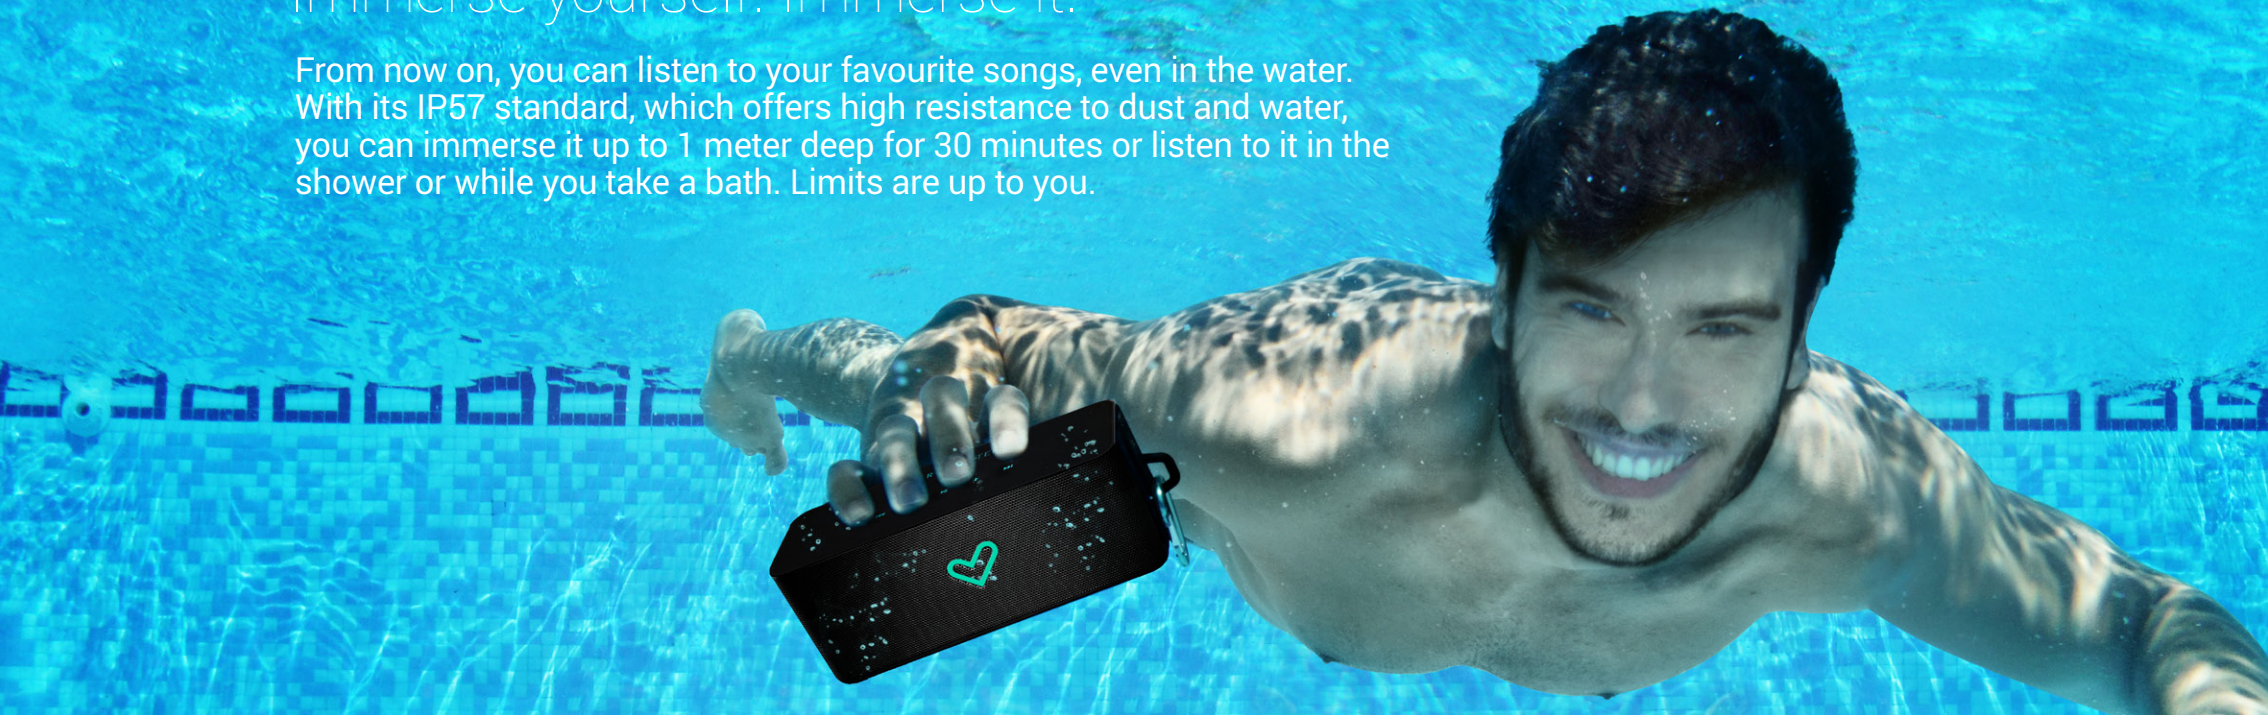

Portable speaker with Bluetooth® technology.

Enjoy the music stored in your smartphone or tablet wirelessly with total freedom, even in the water! Perfect for its use in all your outdoor activities.

Immerse yourself. Immerse it.

From now on, you can listen to your favourite songs, even in the water. With its IP57 standard, which offers high resistance to dust and water, you can immerse it up to 1 meter deep for 30 minutes or listen to it in the shower or while you take a bath. Limits are up to you.

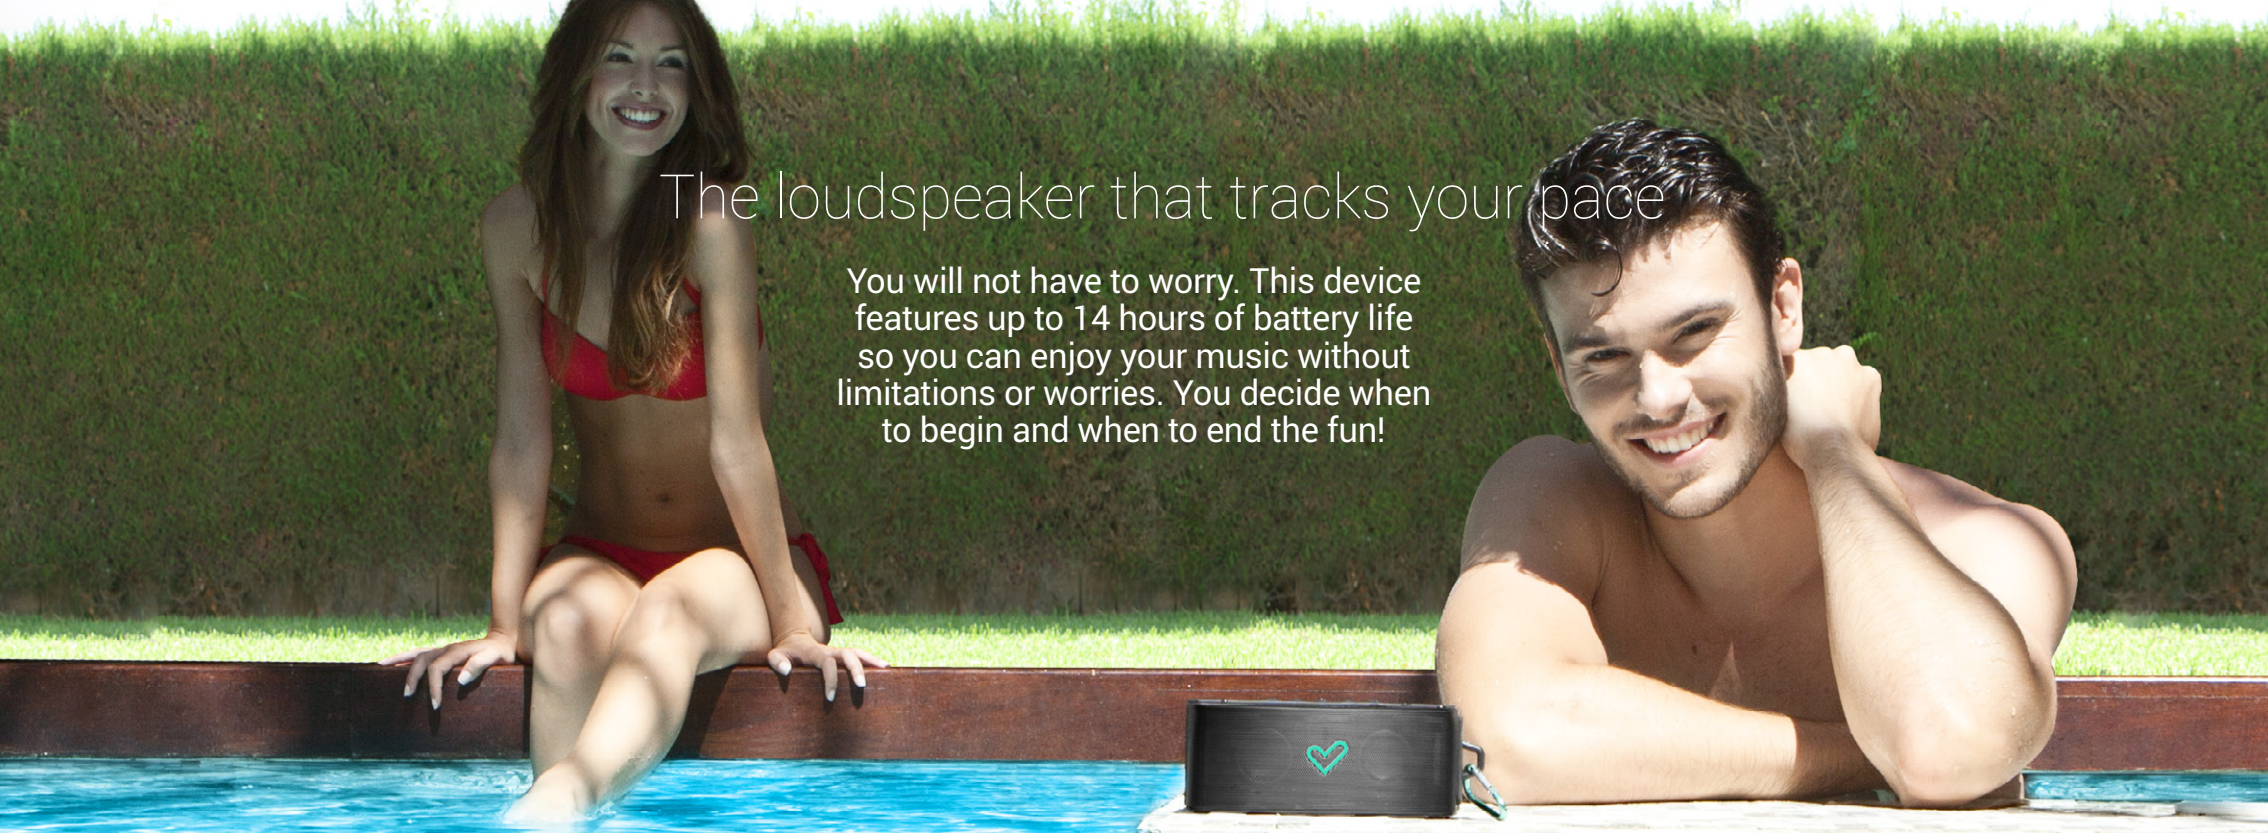

Choose your experience

Take your music anywhere with this compact device, perfect to go with you on your outdoor adventures. Thanks to its carabiner, you can hang it in your bag and forget about everything else. You will enjoy an authentic outdoor experience.

The loudspeaker that tracks your pace

You will not have to worry. This device features up to 14 hours of battery life so you can enjoy your music without limitations or worries. You decide when to begin and when to end the fun!

Bluetooth 4.0: You decide how and where

Wherever you are, quickly and easily synchronize your Bluetooth devices to play your favourite songs wirelessly. With its powerful sound, enjoy the best music and the best atmosphere surrounded by your friends and family.
